2. Policy for Penny Stock / Securities

A Security that trades at a relatively low price (generally such securities are trading below face value of the security) and has small market capitalization is a penny stock. These types of stocks are generally considered to be highly speculative & high risk because of their lack of liquidity, large bid-ask spreads, small capitalization and limited following and disclosure. The Company recommends that its clients desist from trading in any penny stocks in view of the associated risk element while dealing in such stocks. Further, the client is also required to adhere to Exchange/Members' guidelines and due diligence while trading in such stocks. Also SEBI/Exchange from time to time issues directives necessitating additional due diligence for dealing in such stock(s). Depending on the market condition, applicable regulatory guidelines and applicable risk policy of the Company, the Company at its sole discretion, may impose certain restrictions and/ or conditions (on case to case basis) including but not limited to refusal, wholly or partly, for trading in penny stocks. These restrictions/ conditions include but are not limited to the following :

- cancellation of orders of the above securities contracts received from clients before execution or after partial execution without assigning any reasons thereof;
- Requirement to obtain appropriate declarations from the client before/after accepting such orders. The Company shall :
- not be responsible for non-execution / delay in execution of such orders and consequential opportunity loss or financial loss to the client
